ABOUT ME

A young man obsessed with computer-science (specially **software-development** and **machine learning**):

- Excellent (the 1st) Master degree student at Computer Science department (**UBMA**)
- Software Developer at **RYM SERVICE**
- Freelancer at **Khamsat** (previously)

I have multiple successful projects for multiple platforms (most of them are available on GitHub).

WORK EXPERIENCE

Software Engineer

RYM-SERVICE (DZTenders + FoodBeeper + Kawarir) [19/12/2021 – Current]

City: Annaba

Country: Algeria

Website: <https://www.dztenders.com/en/>

Business or sector: Other service activities

Working mainly as a Django backend developer (python) at **RYM SERVICE** from the end of 2021 until now, recently I become responsible for the API of **DZTenders** and **Kawarir**.

Java Software Developer (Freelancer)

khamsat [01/12/2020 – 04/04/2022]

Website: <https://khamsat.com/user/yprogrammer>

Business or sector: Other service activities

From the end of 2020 I did start my freelance career in **Khamsat** mainly as a Java Developer, after selling many products with 100% of rating and beautiful feedbacks, I became an "Active Seller", you can visit my profile: <https://khamsat.com/user/yprogrammer>
