# Rehamnia Walid

Outstanding Master's degree student at university of Badji Mokhtar +  
Software Developer at Rym Service  
Annaba, Algeria

## Summary

Outstanding Master's degree student at computer science department, Software developer at Rym Service, and a Freelancer. I am obsessed with Computer-Science, especially developing and Machine Learning.

## Experience

Rym services  
Software Developer  
December 2021 - Present (9 months)  
Algeria

Working mainly as a backend developer using Django

Khamsat.com | خمسات  
Java Software Developer  
December 2020 - Present (1 year 9 months)  
Algeria

From the end of 2020 I started my freelance career in Khamsat mainly as a java developer, and now I have an "Active Seller" degree after selling many products with 100% rating and beautiful feedbacks.

DZTenders.com Appels d'offres en Algérie.  
Automation Test  
December 2021 - December 2021 (1 month)  
Annaba, Algeria

I was passed an internship in this company for 1 month where I was working for test automations (using Appium and python programming language) and I finish all my tasks in just 2 weeks.

Digital Link Algérie  
Flutter Developer  
April 2021 - May 2021 (2 months)  
Annaba, Algeria

I was passed an internship in this company for 2 months (April + May) when I was release my second Bachelor's degree project ( 2 flutter applications with flask API and MYSQL database) as a solution for companies clocking system problems).

---
